

Vaccination & Testing Requirements at Voicebox Karaoke Denver

Starting **January 4th, 2022**, Voicebox RiNo will be requiring proof of complete vaccination for all guests 12 years old and up. Children ages 11-5 may provide proof of full vaccination or a negative test within 48 hours of the reservation date.

Both PCR and rapid-antigen tests are accepted and must have been administered no longer than 48 hours from the party's date and scheduled start time. Covid-19 tests must be performed by a medical professional or third party such as Walgreens, Safeway or King Soopers. **Please note, at home tests are not currently accepted and negative tests will not be accepted for guests 12 or older.**

1. WHAT CAN BE USED AS PROOF OF VACCINATION?

- a. A CDC vaccine card or photo of vaccine.
- b. Documented proof of vaccination from medical record or vaccine provider.
- c. Printed certificate or digital record from immunization record apps, like myirmobile.com

2. WHAT VACCINES ARE ACCEPTED?

The following vaccinations are accepted for verification and have been authorized by the FDA:

- | | |
|-----------------------------------|--------------------|
| i. Pfizer | iv. AstraZeneca |
| ii. Moderna | v. Sinopharm-BBIBP |
| iii. Johnson &
Johnson/Janssen | vi. Sinovac |
| | vii. Novavax3 |

3. DO CHILDREN AGES 5 - 11 NEED TO PROVIDE PROOF OF VACCINATION? WHAT ABOUT YOUNGER CHILDREN?

- a. Children ages 5-11 need proof of full vaccination or a negative Covid test from a health care provider within 48 hours of the reservation time. **No at home tests are accepted.**
- b. Children do not need to present a matching ID with proof of vaccination if an adult chaperone is present. School IDs will be accepted. Children under 5 will be exempt.
